

## GENERAL PRESENTATION

The French-speaking Metabolomics and Fluxomics Network (**RFMF**), Metabolomics Profiling Forum (**MPF, Metabomeeting**) and European regional metabolomics networks are pleased to announce a joint conference taking place from 22nd to 24th January 2020 in Toulouse (France).

### Overview:

- Sponsoring offers
- Sponsoring file application

This event is a great opportunity to share recent worldwide developments in metabolomics and fluxomics. A **wide range of application fields** will be presented and discussed, including microorganism metabolism, plant metabolism and human health. **Technological developments** will also be pushed forward.

**The conference attendance is expected to be around 400 people from all around Europe and beyond.**

This event will be the opportunity to strengthen scientific collaborations between European regional networks in the field of metabolomics and fluxomics.

## Our ambitions

✓ Offer quality plenary lectures on various metabolomics and fluxomics topics over three days of congress.

✓ Stimulate and boost links with industry (scientific instrument providers, separation systems, analytical standards, ...) by offering them the opportunity to exchange with scientists around the world

The European RFMF Metabomeeting will be held in Toulouse in the presence of various scientists (researchers, engineers, students) from both academic research and industry.

## *Why not your company ?*

## Scientific themes

The European RFMF Metabomeeting in Toulouse will propose thematic sessions dedicated to:

✓ Analytical developments in Metabolomics & Fluxomics

✓ Computational and statistical developments in Metabolomics & Fluxomics

✓ Cutting edge applications of Metabolomics and Fluxomics in :

- ✓ Human health
- ✓ Agronomy
- ✓ Environmental science
- ✓ Microbiology & biotechnologies

✓ 5 plenary speakers will cover several of these topics:

- ✓ Dr Joël Doré (microbiota and health) - accepted
- ✓ Pr. Marcel Utz (NMR and microfluidic) - accepted
- ✓ Pr Rick Dunn (MS and health) – accepted
- ✓ Maria Federova (lipidomics and health) - accepted
- ✓ Josephine Bunch (MS imaging and Cancer) - pending

# European RFMF Metabomeeting 2020

JANUARY 22 - 24, 2020

TOULOUSE, FRANCE

WITH THE PARTICIPATION OF EUROPEAN REGIONAL NETWORKS

## Scientific Committee

Our scientific and organizing committees are composed of experts in metabolomics and fluxomics from RFMF, MPF and representatives on European regional metabolomics networks:

Pr. Marta Cascante	Spain	University of Barcelona
Dr. Pietro Franceschi	Italy	Fondazione Edmund Mach
Dr. Steffen Neumann	Germany	Leibniz Institute of Plant Biochemistry
Dr. Robert Hall	Netherland	Waegeningen
Dr. Matej Oresic	Finland	University of Turku
Dr. Karl Burgess	Scotland	University of Edingurgh
Pr. Serge Rudaz	Swiss	University of Genève
Pr. Lorraine Brennan	Ireland	University College Dublin
Pr. Jules Griffin	UK	Imperial College, London
Dr. Andy Southam	UK	University of Birmingham
Dr. Dong-Hyun Kim	UK	University of Nottingham
Pr. Roy Goodacre	UK	University of Liverpool
Dr. Alison Woodward	UK	University of Nottingham
Pr. Patrick Giraudeau	France	Université de Nantes
Dr. Fabien Jourdan	France	INRA Toulouse
Dr. Justine Bertrand Michel	France	INSERM Toulouse
Dr. Christophe Junot	France	CEA, Saclay
Pr. Jean-Charles Portais	France	Université Paul Sabatier, Toulouse
Dr. Frédérique Courant	France	Université de Montpellier
Dr. Anne-Emmanuelle Hay	France	Université Claude Bernard Lyon 1

# European RFMF Metabomeeting 2020

JANUARY 22 - 24, 2020

TOULOUSE, FRANCE

WITH THE PARTICIPATION OF EUROPEAN REGIONAL NETWORKS

## Your interest to sponsor us ?

There are many reasons for your company to engage and participate to important event:

- If your activity is dedicated to molecule separation and analysis
- If your activity is dedicated to metabolomics and/or fluxomics
- If you are looking to bring in new customers, marketing new products, advanced equipment, innovative technologies or to highlight your business

**The « European RFMF Metabomeeting » applies to you.**

This event will gather more than 400 European scientists in Toulouse to discuss, collaborate, learn and discover what you propose to them.
